24<sup>th</sup> July 2013

Dear Professor Yang,

The Committee of the Royal Society of Chemistry, Gas Kinetics Discussion Group (GKDG) invites you to give a plenary lecture at the 23<sup>rd</sup> International Symposium on Gas Kinetics and Related Phenomena (previously the International Symposium on Gas Kinetics) to be held in Szeged, Hungary from Sunday 20<sup>th</sup> – Friday 25<sup>th</sup> July 2014. The Symposium has a long and distinguished history dating back to the inaugural meeting in Swansea, UK in 1967. The symposium typically attracts over 200 delegates to a varied programme that in 2014 will include sessions on Reaction Dynamics, Combustion Chemistry, Atmospheric Chemistry, Elementary Processes, Experimental Methods, and Nanoparticles and Aerosols.

Plenary lectures are typically 40 min. in duration with time for questions. Whilst we would like our plenary speakers to mainly focus on their work, we ask that they also provide some background and context for their session. We invite you to give a plenary lecture in the Reaction Dynamics Session.

The GKDG and local organisers will cover your cost of registration and hotel accommodation in Szeged, as well as a contribution to the cost of your travel to Szeged. Details on the accommodation can be obtained from the Chair of the Local Organising Committee, Professor György Lendvay.

Please don't hesitate to contact either the Group Chair (Professor Carl Percival, [carl.percival@manchester.ac.uk](mailto:carl.percival@manchester.ac.uk)) the Secretary (Professor George Marston, [g.marston@reading.ac.uk](mailto:g.marston@reading.ac.uk)) or Local Chair (Professor György Lendvay, [lendvay.gyorgy@ttk.mta.hu](mailto:lendvay.gyorgy@ttk.mta.hu)) for additional information. We do hope that you will be able to accept our invitation and look forward to hearing from you in the near future.

Yours sincerely,
