Dear Prof. Dr. Andreas Goldbach,

We would like to invite you to present the oral contribution on “PdCuAg membrane for hydrogen production from sulphur-contaminated feedstocks” (Linfang Zhao, Andreas Goldbach, Chun Bao, Hengyong Xu) at the 12th International Conference on Catalysis in Membrane Reactors (ICCMR12) to be held from June 22nd to 25th, 2015 in Szczecin, Poland.

The aim of the ICCMR conferences is to promote the research and progress in the area of catalytic membrane systems by bringing together academic scientists and industry working in the membrane, catalysis and process engineering fields. The conference will cover traditional and new areas of membrane reactors, including catalytic MRs, membrane bioreactors, electrochemical devices, photocatalytic membrane reactors, artificial organs and tissue engineering, and other catalytic membrane systems. You can find out all details about ICCMR12 from the conference website at <http://www.iccmr12.zut.edu.pl>.

Thank you for your submission and we look forward to welcoming you in Szczecin.

Yours sincerely,

Sylwia Mozia
