Chinese Academy of Sciences  
457 Zhongshan Road, Dalian 116023  
China

Dear Professor Xu,

On behalf of the Local Organizing Committee, I am sending you this letter to inquire whether you would be able to give an invited plenary lecture in the 14th Asia-Pacific International Symposium on Microscale Separations and Analysis (APCE2014) to be held December 7–10, 2014 in Kyoto, Japan. Following previous successful meetings, this meeting will cover many different aspects of the latest advancements in capillary electrophoresis (CE), CE on a microfluidic chip, capillary HPLC, and related microscale separation techniques. As a leading scientist in these fields, your participation will certainly add prestige and enhance the quality of our scientific program.

APCE2014 will be jointly held with two Japanese domestic meetings, 34th Symposium on Capillary Electrophoresis (SCE2014) and 25th Meeting of the Society for Chromatographic Sciences (SCS25, 25th anniversary), so that the program structure may be somewhat complex.

Based on our present financial status, we can offer you a complimentary symposium registration including banquet and hotel accommodations in Kyoto up to 6 nights (December 7–13) during the symposium as well as US\$500 in cash.

We would very much appreciate it if you could give us your reply by February 15, 2014, through e-mail ([otsuka@anchem.mc.kyoto-u.ac.jp](mailto:otsuka@anchem.mc.kyoto-u.ac.jp)). If you accept the invitation, please send a tentative title of your lecture at the same time. The time for lecture will be 25-30 min including discussion. We sincerely hope that you will be able to accept this invitation and we look forward to your valuable contribution to the success of APCE2014.

Thank you for your attention and we look forward to receiving your favorable reply.

Yours sincerely,

Koji Otsuka  
*Symposium Chair*
