

Sydney, Friday, 22 August 14

Dear Prof. Ping Chen,

On behalf of the Organising Committee for the **Energy Future 2014 conference** we are pleased to invite you to participate as **an invited speaker** to the Energy Future Conference to be held in **Sydney, Australia from 3 November to 6 November, 2014**. With your assistance, the Organising Committee intends to create a dynamic and professionally stimulating scientific program.

As you will be aware, Energy Future 2014 is hosted by UNSW, AERI, University of Wollongong and University of Sydney. For more information on the conference, please visit: www.ozenergyfuture.com. The Energy Future conference focuses on advanced materials and technologies with integration from fundamental research to high end industrial technologies. The conference aims to promote discussion on strategies to address every level of the energy challenge as well as global and Australian perspectives on resources and energy.

As an invited speaker the organising Committee is delighted to offer you a complimentary conference registration. Whilst the exact content of your lecture is entirely for you to decide on, the Committee is particularly keen for you to deliver a lecture about our work on hydrogen storage.

We hope that you will accept this invitation and we very much looking forward to hearing your response and valuable contribution to the **Energy Future 2014 conference**.

Yours sincerely,

A/Professor Francois Kondo Aguey-Zinsou
Chair of Energy Future 2014 conference
