

29<sup>th</sup> August, 2014

Prof. Ping Chen  
Energy building #309  
Dalian Institute of Chemical Physics  
457 Zhongshan Road  
Dalian, CHINA, 116023

Dear Prof. Chen,

I would like to invite you to visit the Institute for Superconducting and Electronic Materials, the Innovation Campus on Nov. 6 and 7, 2014. You are welcome to give a talk. Your visit will help to further develop more concrete collaborations in the forms of student exchange and staff visits.

This is part of our on-going collaboration that is currently sponsored by UOW's International Links Grant. We will provide partial financial support for accommodation and transportation costs.

I look forward to seeing you in Wollongong.

Yours Sincerely,

Hua Kun Liu  
Distinguished Professor, FTSE  
Institute for Superconducting and Electronic Materials
