Prof. Zongchao (Conrad) Zhang
Dalian Institute of Chemical Physics
457 Zhongshang Road
Dalian, Liaoning, 116023
People's Republic of China

Re: Invitation to visit and give a lecture at the University of Guelph

Dear Prof. Zhang:

It is my pleasure and privilege to invite you to visit me and my research group in the Department of Chemistry at the University of Guelph on July 3rd and 4th 2014, following your conference attendance in Toronto, Ontario.

I am looking forward to continue and discuss further steps for our ongoing research collaboration and hope that you will be able to give a talk on your recent research endeavours at DICP as part of our Departmental Seminar Program.

I will cover your cost of transportation to/from Toronto (downtown/airport), as well as any costs for hotel and meals during your stay in Guelph and am looking forward to have you as our guest.

With best regards,

Marcel Schlaf
Professor of Chemistry
Adjunct Research Prof. of Chemical Engineering (Univ. Western Ontario)
