June 10, 2014

Jian Chen,

Dalian Institute of Chemical Physics, Chinese Academy of Sciences

Dear Professor Jian Chen:

I am very happy to invite you to visit the Pacific Northwest National Laboratory (PNNL) from August 10 to August 25, 2014. As you know, the next U.S.–China Electric Vehicle and Battery Technology Workshop will be held in Seattle on August 18-20, 2014. The purpose of the workshop is to help advance the goals of the U.S.-China Electric Vehicles Initiative announced in 2009 by President Barack Obama and President Hu Jintao.

I am glad that you will likely attend the workshop. We will be delighted if you can take advantage of this opportunity to visit PNNL. You will be able to visit our energy storage research facilities and the Environmental and Molecular Science Laboratory which hosts a range of advanced characterization capabilities for battery development. We will also be able to discuss future challenges and opportunities for collaboration to accelerate the scientific discoveries for electrical vehicles.

Sincerely

A handwritten signature in blue ink, appearing to be "Jun Liu", with a stylized flourish at the end.

Jun Liu

Director, Energy Processes and Materials Division

Laboratory fellow
